3 SIMPLE STEPS TO A GREAT CLEAN

USING YOUR

IS AS EASY AS

1

SPRAY

2

WIPE

3

SHINE

1 **SPRAY** the surface or area that you wish to be clean with a light covering of MX14 solution.

2 **WIPE** dry using a clean absorbent towel.

3 **SHINE** once dry by buffing the area to a shine using another clean towel.

If you over wet the area and allow to dry then a sticky residue may be present, this is easily removed by washing the area with a damp cloth or sponge to wipe away any remaining solution. Always use clean fresh water when using this method.

REFILL & REUSE WITH MX14 SACHETS

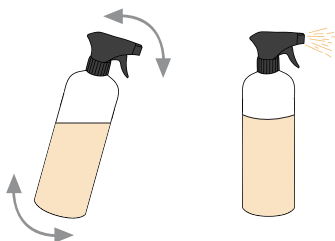

- 1 FILL** the bottle with 500ml of clean, fresh water. Refills can be used with any suitable spray bottle.

- 2 ADD SACHET** either drop the entire sachet into the water or snip the corner with scissors and pour. Remember the sachet is 100% plastic free and biodegradable so you can either flush it down the toilet or compost it at home.

- 3 MIX** the solution into the water once the spray top is secure by using a gentle rocking motion, ensure you do not shake the bottle. The sachet may take a little longer to dissolve if you have dropped the entire sachet into the bottle.

Please Note:
Always store refill sachets in a dry place, ensure they do not get wet as they will dissolve.

EVERY MX14 MULTI SURFACE ANTIBACTERIAL BOTTLE AND SACHET IS NATURALLY SCENTED WITH THE OIL OF FRESH ORANGES. OUR OILS ARE EXTRACTED AS BY-PRODUCTS ENSURING WE HELP REDUCE WASTE.
