

# Case Study

*"Not all cleaners are created equal"*

Type of Mark/ Stain?	Age of stain?	Material type?	Application details.	Conclusions.
N/A	N/A	N/A	N/A	Read the contents.

**Additional comments:** MX14 is manufactured to ISO 9001 (Quality) and ISO 14001 (Environmental) controls. As we supply to the Aircraft Industry we must also comply with very strict health and usage requirements. This includes; **No ingredients that cause or may cause severe health issues, No Bleaches, No Solvents**, must comply to ASTM testing standards, all ingredients must be **REACH compliant** (International standard for chemical traceability), **Must not contain biocides**, Must be **Biodegradable**, Packing material must be limited to reduce waste, All packing materials must be recyclable or compostable, Delivery system must limit usage to reduce over spill and waste. All this and also be able to remove ink marks up 1 year old. 6 years in development this water based system has been tested, tested and tested again. All you need to do is follow the **APPLY; LEAVE; WASH** process. If its fading its working.

With a little research we have listed some of the most popular "Spot stain removers" found on Amazon and Ebay. Please feel free to ask the same questions and see what you discover.

*"Where is the MSDS?", "Is the product REACH Compliant?", "Does it contain Biocides?", "Does it contain ingredients that may cause cancer?", "Is it flammable?"*

Manufacturer	MSDS available?	REACH Compliant?	Biocide Content?	Suspect Cancer causing ingredients?	Flammable?
<b>MX14</b>	Yes, downloadable on the web site	Yes	No	No	No
<b>Grandmas Secret Spot Remover</b>	Not on manufacturer website	Unknown?	Unknown?	Yes. Diethanolamine CAS Number 111-42-2	No
<b>HG Spot Stain remover</b>	Only available on application	Unknown?	Yes, listed on product lable	Unknown?	Yes
<b>Prochem Ink Solv</b>	Yes.	Unknown?	Contains Moderate posions	None listed	No, Although contains alcohols
<b>Avel Hussard Ball pen Remover</b>	Not on manufacturer website	Unknown?	Solvent Blend	Unknown?	Yes
<b>Inkov, Cloverchem</b>	Yes	Unknown?	Solvent Blend	None listed	Yes

Without information consumers may be using chemicals that are either **harming themselves**, harming the environment **or worse**.

Stay informed, ask questions, make the right choices.

Please feel free to contact us at [sales@mx14.co.uk](mailto:sales@mx14.co.uk) if you need any assistance or help in the application and use of **MX14**.
